

# NIGERIA Country Achievements

Project Year 5, October 2015 to March 2016

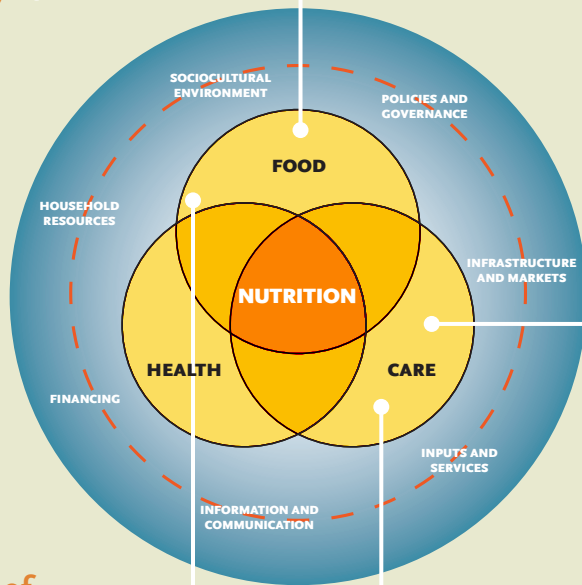

**USAID**  
FROM THE AMERICAN PEOPLE

**SPRING**  
Strengthening Partnerships, Results,  
and Innovations in Nutrition Globally

## SPRING IS WORKING TO STRENGTHEN THE NUTRITION SYSTEM IN NIGERIA

Convened local government area (LGA) nutrition focal persons meeting in six states to review the status of the infant and young child feeding (IYCF) rollout in the focal LGAs, collated and transmitted data on nutrition activities in the LGAs and promoted synergy between the nutrition focal persons and the civil society organizations (CSOs)

Organized advocacy visits and sensitization meetings with key nutrition stakeholders across five states to solicit increased support and funding for IYCF activities

Conducted a training-of-trainers for Centers for Disease Control (CDC) implementing partners and their government counterparts on both the community and facility IYCF counseling packages so they can be further rolled out across Nigeria

Conducted 113 supportive supervision visits to ensure quality nutrition programming and service delivery for vulnerable children across 13 states

## REACHING PEOPLE

SPRING's interventions in Nigeria are reaching health workers, community members, and caregivers with quality nutrition counseling.

## EXERTING INFLUENCE: HIGHLIGHTS
