* This conceptual framework was developed by the U. S. Agency for International Development’s multi-sectoral nutrition project, SPRING, and colleagues to guide a study commissioned in 2016 and published in 2018, *Diet and Eating Practices among Adolescent Girls in Low- and Middle-Income Countries: A Systematic Review*. For more information, including a full copy of the systematic review and the stakeholders’ Adolescent Nutrition Call to Action, please visit the [SPRING web page](http://www.spring.org).
