[Join the AREA CoP](#)

Anemia Overview

Sorrel Namaste

K4Health Anemia Toolkit

Justine Kavle

[Explore the Toolkit](#)

Anemia landscaping tool

Alexis D'Agostino

[Learn more about the tool](#)

Concluding remarks

Omar Dary

Discussion Points

- How do we promote anemia as an indicator and issue in global agriculture and food security?
- Should we focus not just on reducing “any” anemia, but also on the evolution from severe to moderate to mild?
- How do we resolve the issues with accurately measuring anemia?
- Why are Colombia, Burundi, and Vietnam “on target” for anemia reductions?
