The first half of FY2016 showed continued growth in the reach and impact of the SPRING Project

EXPANDING PRESENCE

SPRING continues to expand its global reach and scale of country programs.

Sub-national geographic units reached. In all SPRING-supported countries, the project met or exceeded its year four targets for sub-national geographic coverage.

GROWING THE EVIDENCE

22 informational products
success stories, briefs, and reports

2 sets of training materials

35 events and media

228 briefs, reports, and resource reviews

REACHING PEOPLE

SPRING is working with ministries of health and agriculture, health professionals, students, and community members to improve nutrition practices in seven countries.

2,590,027 contacts made

21,580 people trained

69 institutions supported

3,555 service sites supported

SPRING is building local capacity to improve health outcomes through a range of nutrition-specific and nutrition-sensitive practices.

EXERTING INFLUENCE

The highlights below are a selection of many events and network engagement that showcased the project’s global leadership in agriculture and nutrition.

January

Hosted the West Africa regional Multi-Sectoral Nutrition Global Learning and Evidence Exchange conference, Ghana
