Nutrition Security at the Household Level: Nutrition-sensitive agriculture helps

11 October 2016

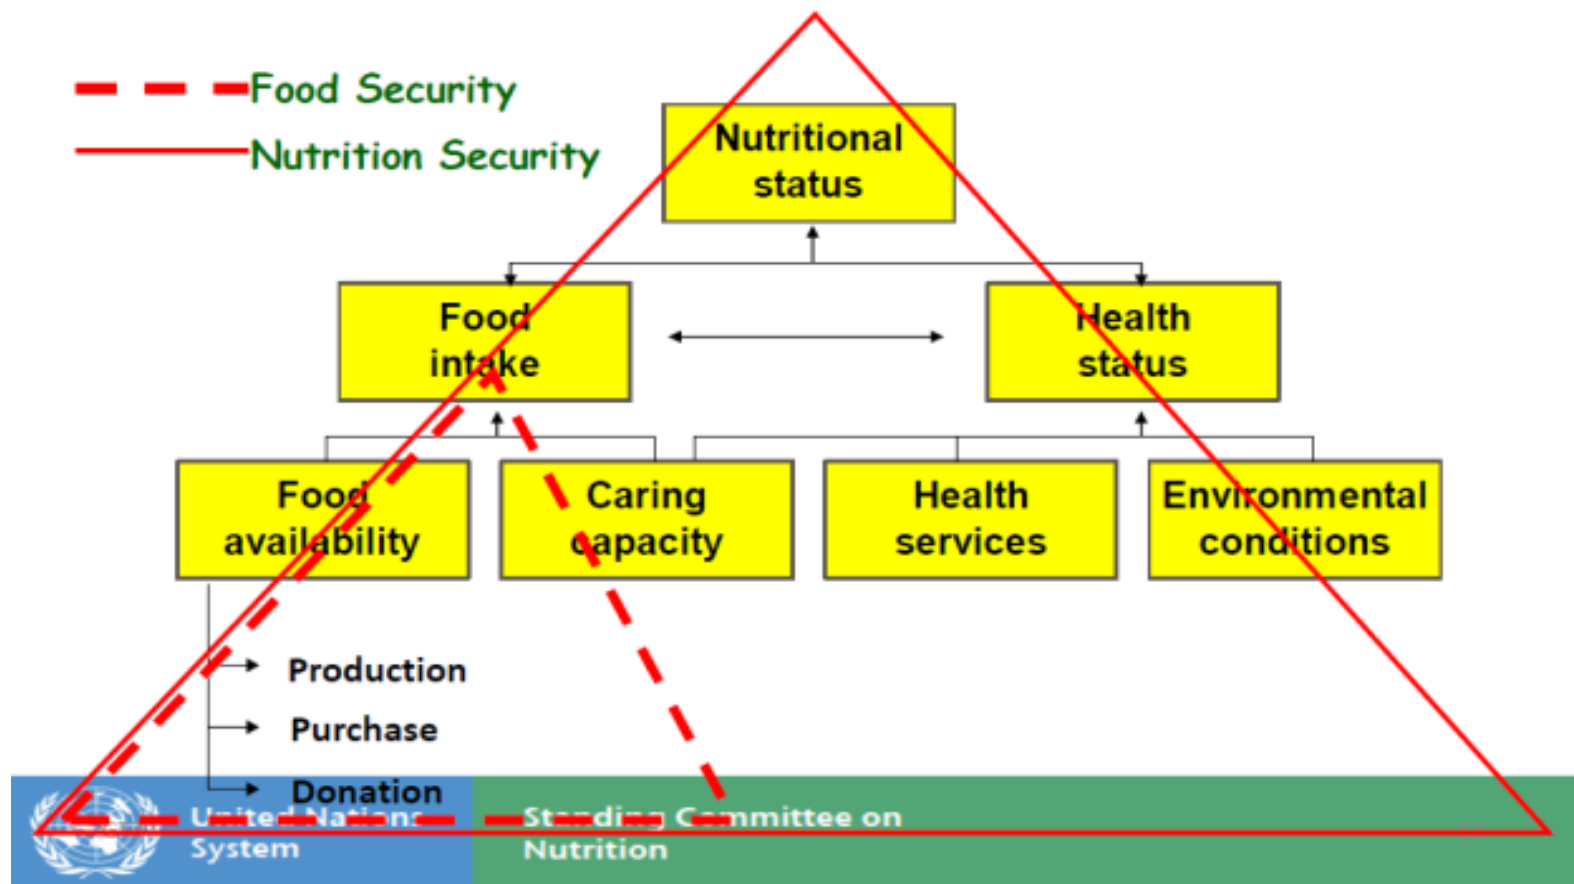

Carolyn Hart

Director, SPRING Project

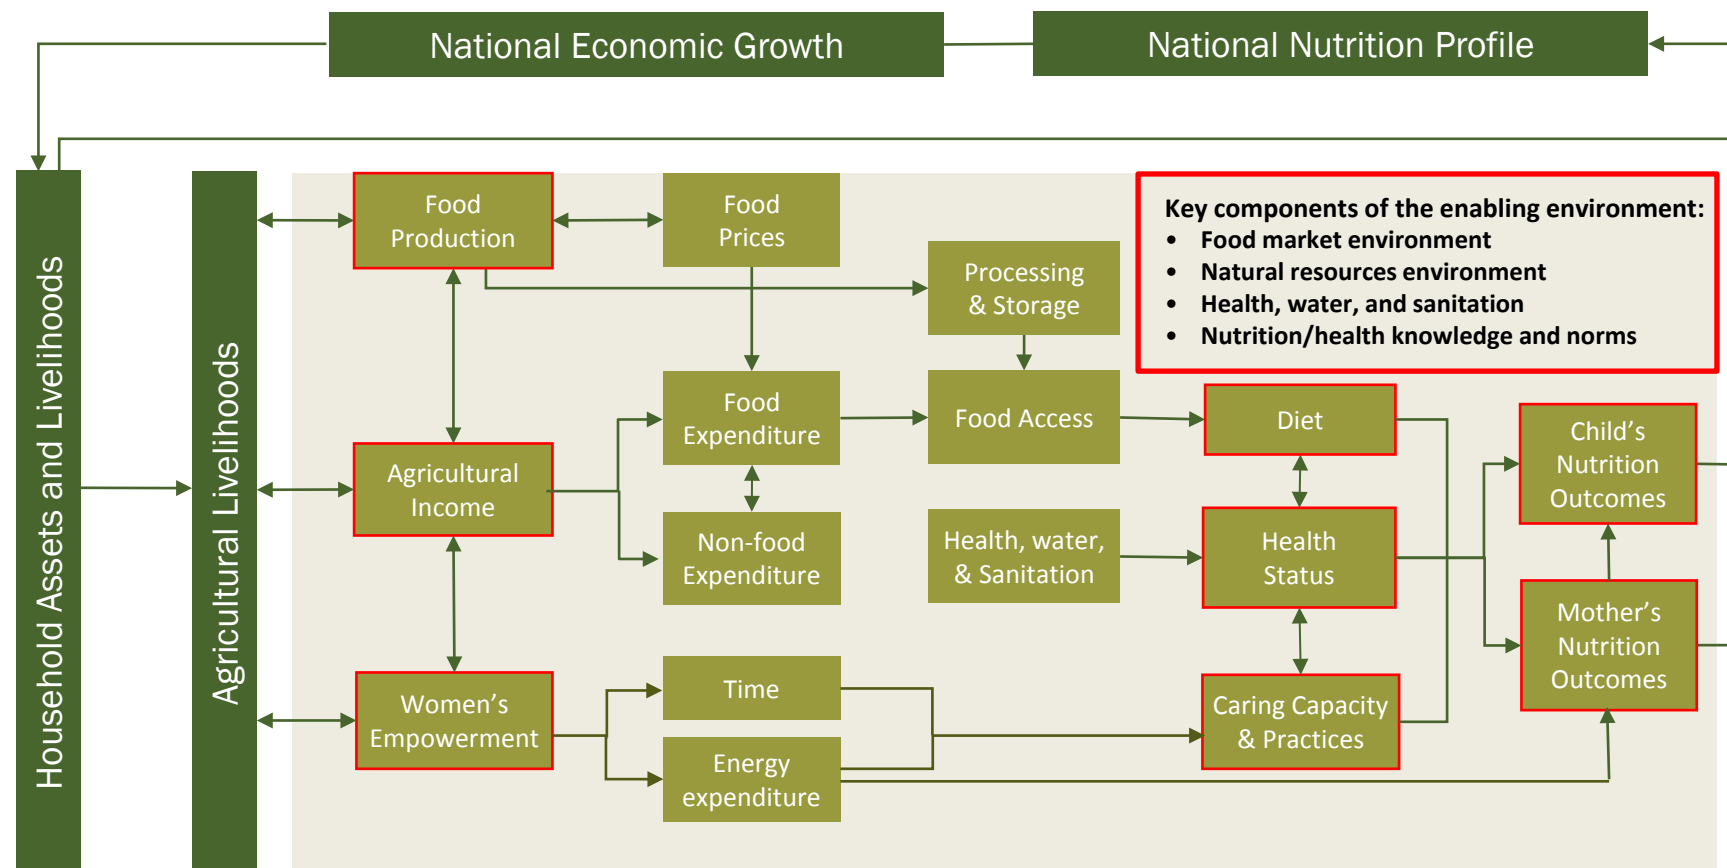

JSI Research & Training Institute

Conceptual Framework of the Nutritional Status at Household Level

Conceptual Pathways between Agriculture & Nutrition

1. Headey, D., Chiu, A., & Kadiyala, S. (2011). Agriculture's role in the Indian enigma: Help or hindrance to the undernutrition crisis?: IFPRI discussion paper 01085. Washington, DC: IFPRI.
2. Kadiyala S, Harris J, Headey D, Yosef S, Gillespie S., Agriculture and nutrition in India: mapping evidence to pathways., Ann N Y Acad Sci. 2014 Dec;1331:43-56.
3. Herforth, Anna, and Jody Harris. 2014. Understanding and Applying Primary Pathways and Principles. Brief #1. Improving Nutrition through Agriculture Technical Brief Series. Arlington, VA: USAID/Strengthening Partnerships, Results, and Innovations in Nutrition Globally (SPRING) Project

Influencing Nutrition Security at the Household Level...

What you grow

How you grow it

Who decides

How Agriculture Can Enhance Nutrition Security

- 1. Increase availability of and access to diverse, nutritious food**
- 2. Increase and diversify farm families' income, and direct it toward food, health, and care**
- 3. Ensure food and environmental safety at home and on farms**
- 4. Improve labor efficiency to save time and energy for family members**
- 5. Generate demand for safe and nutritious foods**
- 6. Support a broad, multi-sectoral view of nutrition**
